

A New Day
(Changing Me)

Look around and tell me what you see,
Changing faces, that's all right with me.
It's a part of growing up, let's embrace and feel free.

CHORUS:

It's a new day,
And I'm feeling great!
New choices,
New chances.
It's a new day,
And I just can't wait,
Just can't wait...
Today's gunna' be great!
Today's gunna' be great!
It's a new day,
And I just can't wait,
Just can't wait...
Today's gunna' be great!

VERSE:

Let's all agree that it's good to change,
Personalities will change with age.
We're becoming the people we're going to be.
