

TEAMWORK

We're up every morning at the dot of six o'clock,
Just as the sun begins to rise.

Then we get to work, get to work,
Working as a team.

Yes we get to work, get to work,
To keep the castle clean.

Clean the hall, clean the floors,
Clean the stairs, clean the doors,
Yes, we get to work,
The wizard team.

We're wonderful wizards and we have a lot of fun,
Working together is our thing.
So we're on the go, on the go,
Every single day.
Yes we're on the go, on the go,
To keep the dust away.

Clean the hall, clean the floors,
Clean the stairs, clean the doors.
Yes, we get to work,
The wizard team.

The sun's always shining when we start to do our chores,
Brightening the castle every day.

So we whiz about, whiz about,
And we start at dawn.

Yes we whiz about, whiz about,
With duties to perform.

Clean the hall, clean the floors,
Clean the stairs, clean the doors.

Yes, we get to work,
The wizard team.

We're wizard singers,
Music bringers,

LIVING IN HARMONY

I'm good at this, you're good at that,

But the world keeps spinning round.

I can bowl, you can bat,

But the world keeps spinning round.

It doesn't really matter that we're different as can be.

We get along from day to day,

Living in harmony.

Harmony ... Living in harmony.

I like this, you like that,
But the world keeps spinning round.
I like dogs, you like cats,
But the world keeps spinning round.
It doesn't really matter that we're different as can be.
We get along from day to day,
Living in harmony.
Harmony ... Living in harmony.

You like blue, I like black,
But the world keeps spinning round.
You like jazz, I like rap,
But the world keeps spinning round.
It doesn't really matter that we're different as can be.
We get along from day to day,
Living in harmony.
Harmony ... Living in harmony.

ICE CREATURES

We are the creatures of the ice,
We're not very nice,
The creatures of the ice.
Now that the sun is growing dim,
We'll begin.

We will freeze you in your beds,
Sending shivers where we tread.

We are the creatures of the ice,
We're not very nice,
The creatures of the ice.
Now that the sun is growing dim,
We'll begin,
The creatures of the ice.

We're here to freeze your little nose
And your little toes
'Cause that's the way it goes.
It's cold with such a gloomy sun,
It's begun.

Just one touch to be precise,
It will turn you into ice.

We're here to freeze your little nose
And your little toes
'Cause that's the way it goes.
It's cold with such a gloomy sun,
It's begun,
And we can have some fun.
