Dear Parent/Carer,

Those of you who have children in years 3-6 who ordinarily have permission to leave the classroom on their own, **will need a separate consent for the last day of term, Friday 19th July**, as we finish at the earlier time of 1:00pm,

A consent for this last day has been added to Arbor. Please ensure you have completed this or your child will not be able to leave the premises on their own.

Thank you for your continued cooperation.

Information for parents:
multiplication tables check

Multiplication tables check

Do you have a child in year 4 at primary school?

If so, your child will be participating in the multiplication tables check (MTC) in June.

The purpose of the check is to determine whether your child can fluently recall their times tables up to 12, which is essential for future success in mathematics. It will also help your child's school to identify if your child may need additional support.

What is the multiplication tables check?

It is an on-screen check consisting of 25 times table questions. Your child will be able to answer 3 practice questions before taking the actual check. They will then have 6 seconds to answer each question. On average, the check should take no longer than 5 minutes to complete.
