NEWS FLASH!

ORDERING SCHOOL LUNCHES

For your convenience, we have now amended Arbor to allow you to order school lunches up to midnight the day before!

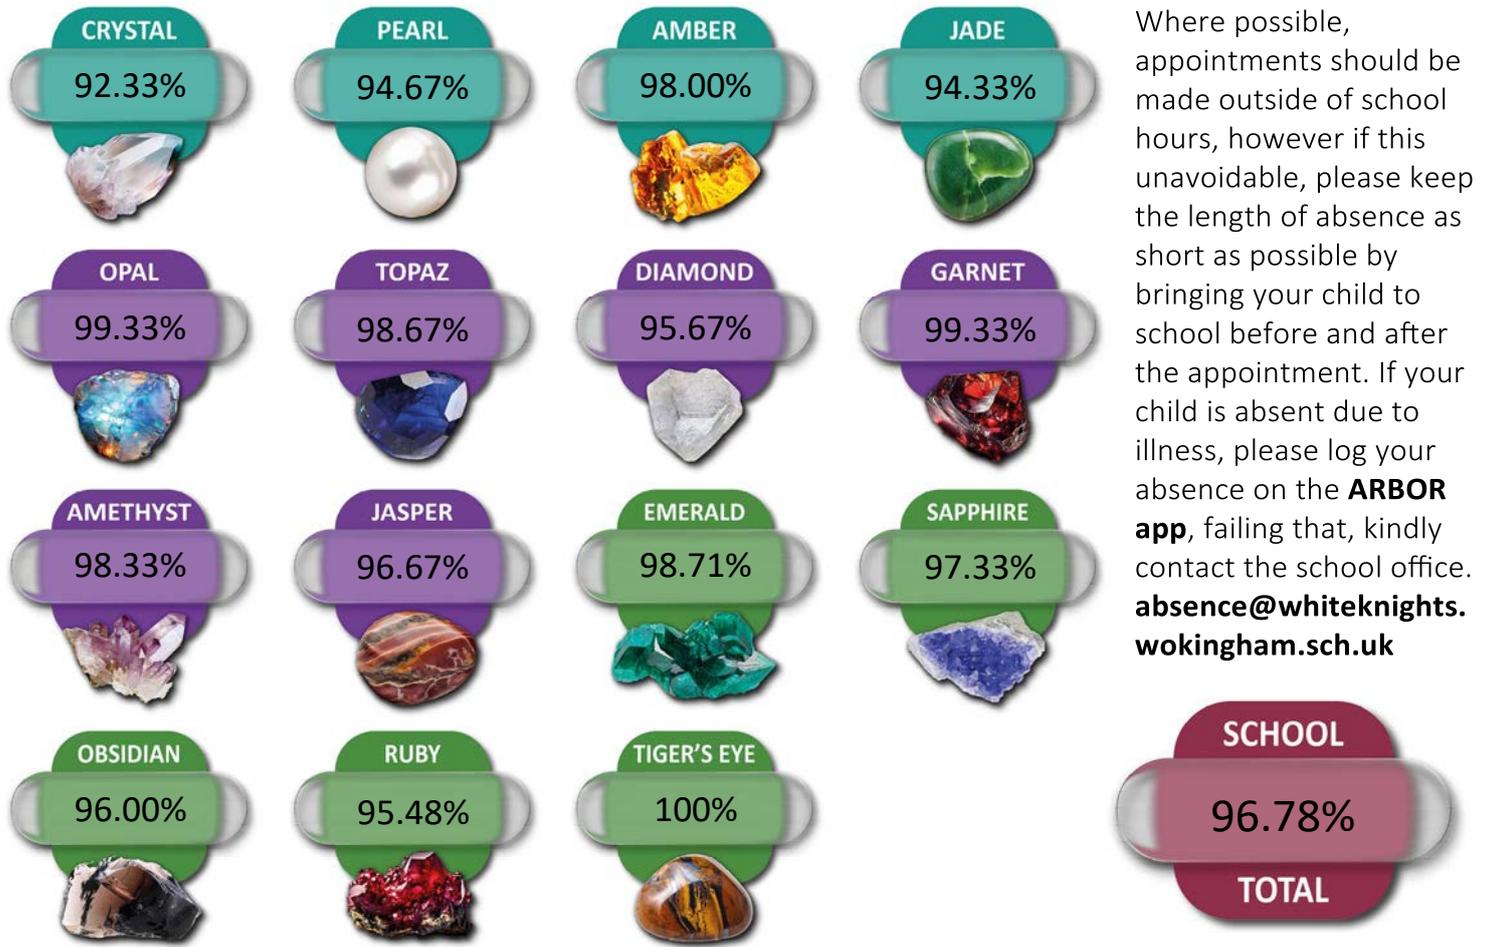

By embracing challenge, nurturing wonder and aspiring to new heights, we **"Grow in Greatness"**.

ATTENDANCE MATTERS!

✓ EVERY CHILD
✓ IN SCHOOL

✓ ON TIME
✓ EVERY DAY

Where possible, appointments should be made outside of school hours, however if this unavoidable, please keep the length of absence as short as possible by bringing your child to school before and after the appointment. If your child is absent due to illness, please log your absence on the **ARBOR app**, failing that, kindly contact the school office. absence@whiteknights.wokingham.sch.uk

PARENTS' EVENING (GUARDIAN CONSULTATIONS)

Tuesday, 24th March: 15:40—18:10

Wednesday, 25th March: 16:00—18:30

BOOKING INFORMATION:

- Bookings are now 'live' on **Arbor** and will **close** at **16.00** on **20th March**
- Please book early and within that timeframe to avoid disappointment.
- Once the bookings have closed on Arbor, you will need to contact the class teacher directly. The school office will forward any email requests but cannot make any adjustments without the class teacher's involvement.
- Bookings for **separated parents**—unfortunately we are unable to accommodate separate consultations. We welcome both parents to the consultation, however parents are required to liaise and communicate directly with each other regarding making the booking. Please refer to our website for our Separated Parents Policy for further information.

WHITEKNIGHTS POLICIES

WHAT YOU NEED TO KNOW:

- Consultations will be held in the school hall.
- Timed slots to meet with your child's teacher will be for the duration of 10 minutes
- **We request that pupils and siblings are not brought to the consultations**—allowing for focused and efficient conversations between parents/guardians and the teacher.

As ever, if you have a concern or a query about your child, you do not need to wait until the consultation to raise it. You are always welcome to contact to the school office who will arrange a meeting with yourself and the class teacher separate to the consultation. Equally, if your 10-minute consultation raises the need for further conversation, you can contact the school office to arrange a follow up meeting.

SCIENCE POSTER COMPETITION

Please remember to return posters to the school office by **Monday 13th April**, and include name, class and age of child on the entry.

Please take time to look at the activity packs (links below) They are packed with lots of suggestions of what pupils could do at home. In each pack, there is detailed support for what the poster should include, and tips on how to complete it!

Spaces are limited – visit our **WEBSITE** to find out more about our **admissions criteria** and to **register your interest**.

EASTER COMPETITIONS

During the last week of term, the whole school will be able to have fun and take part in some Easter competitions.

Thursday, 26th March —Egg Rolling

The idea is that every child brings in a decorated **HARD BOILED** egg to roll down a ramp. The winning egg is the one that travels the furthest. In the past, children have decorated their eggs using paint, felt tips, nail varnish and stickers, to name but a few ideas. Remember to keep your egg smooth, so it will roll well! Eggs should be brought into school on the morning of the 26th March, and will be disposed of after the egg rolling has taken place.

Friday 27th March —Easter Bonnet Competition

In the past children have decorated straw hats, baseball caps and even made their own creations out of cardboard. The hat should have an Easter theme. There are prizes for each year group, so get your creative thinking caps on and join the fun.

WPS SHOWCASE: SCHOOL LIFE, NEWS AND LEARNING ACHIEVEMENTS

Discover the latest school news, including classroom highlights, sporting events, school trips and more.

SUSTAINABILITY WORKSHOP AT THE UNIVERSITY OF READING

Last week, the Year 6 pupils enjoyed an exciting workshop at the University of Reading, where they learned all about sustainability and renewable energy. The children took part in hands-on activities exploring how solar panels and wind turbines convert sunlight and wind into electricity. This engaging experience helped bring their learning to life and links closely with this term's focus in
