

Year Group 4

Spring

English

This term we will be writing persuasive letters and newspaper reports linked to our topic learning. Our reading texts, *Extreme Habitats and Biomes*, will link to our Science learning.

Maths:

This term we are studying multiplication, division, measurement, fractions and decimals. We will be using a range of resources to help support our learning.

Computing

Our computing focuses on studying meteorology. We will be investigating how we can predict and present the weather.

Different lives and environments

PSHE

Our Jigsaw theme for this term is *Dreams and Goals*.

History

In History, we will investigate into one of the most important archaeological discoveries of all time linked to the Anglo-Saxon period.

PE

In PE, we will be focusing on Netball and gymnastics. Amethyst Class will be swimming each Thursday.

Science

This term, we will be learning about *Living things and their habitats*.

Art

This term we will create Kandinsky-inspired art to create an oil pastel drawing of The Northern Lights.

Music

We will be exploring body percussion and how we can use this to represent the sounds of the rainforest.

Across the Spring term, all Year 4 pupils will take part in a three-week cycle that will involve Science Lab, sports and outdoor learning.

Year 3 and 4 SPLAT: Tuesday 9th January

Curriculum Enrichment

Topic Projects

To be announced soon!

We will be asking pupils to complete a home learning project over the half term break which will link to our learning in class. Details of this will be given to the pupils nearer the time.
